1. NAME: DURI NAIMJI, MA, MAYOR Candidate of TORONTO, NOV., 2003.

2. WHAT I would do if elected MAYOR includes the following PRIORITIES:
ENSURE: that the whole city of TORONTO is SAFER, CLEANER, HEALTHIER,
LOVELIER, and RICHER than it has been.

3. HOW: Using sound political theory, a negotiating style, care, democratic leadership skills, I will ensure that competent, committed, reliable persons chair the various Committees of Council, Commissions, task forces, departments, and Other bodies.

- Will ENSURE: that suitable officials effectively do their jobs and their duties. : that meetings make well-informed , well-debated decisions for prompt action.
- Will strive for a BALANCE among the several interests of different communities, Industries, workers, residents,.. No sector to thrive at the expense of another. All have a RIGHT to living well In TORONTO within the LAW >

5. PS. Voters will be urged to dump those who failed to stop the \$100M. computer DEAL. Some people spoke after the deal! WHY? Why not before? Can WE forget the Candidate who was against the NEW CITY and who asked the courts to stop its creation? Should such a person really lead the NEW CITY?

6. I stand for office from a sense of DUTY and an unwillingness to bear an unsuitable mayor again! TORONTO needs a MAYOR above mediocre! My experiences as teacher, cricket umpire, security guard, dishwasher... Representative of graduate students should be valuable to do the work well, in a city of Diversity and needy in majority.
